

Thomson's Falls Lodge Nyahururu Kenya is situated in Nyahururu Town at the world famous Thomson's Falls discovered in 1883 by Joseph Thomson, a Scottish geologist and naturalist. Thomson's Falls Lodge situated at 7,800 feet, is surrounded by 10 acres of lawns, shaded with African olive and cedar trees. Built in the early 1930's by English settlers, the original cottages still stand. It is an ideal overnight stop for travellers moving between Samburu and the Great Rift Valley.

Accommodation & Room Types

The lodge has 32 single, double and triple rooms, on bed and breakfast, half board or full board basis. All rooms have open log fire places and en-suite bathrooms. Some rooms also have private verandahs. A beautiful campsite, offers accommodation to overland travellers. www.crocodileracers.com

The lodge also offers conference facilities at competitive rates.
