

### Rapids Camp Sagana Kenya

The perfect place for the adventurous who would like to see their adrenaline rush high when rafting in River Tana which provides grade 3- 5 rapids. Be it Kayaking or diving or plunging in a height of 40 ft waterfall into the wild waters of Sagana river, it provides everything that you are looking for. Rapids camp was privy to have hosted the first ever Africa Olympic qualifier /Kayaking games in January 2008 with over 16 African countries participating in breath taking event. Rapids Camp has the best site to capture life photos for rafting and Kayaking Junkies in Kenya, being the only camp in with a massive waterfall.

We do suggest after rafting in Sagana Kenya, you can still take advantage of our camp activities like, camping, Kayaking, team building, river trekking, rock climbing, or just relax in our beautiful manicured lawns. Alarcat lunch at the Rapids Camp is served as you wait. For bush breakfast, lunch or dinner you need to place an order first as we are a self catering camp in Kenya. Rapids Camp remains a preferred place for white water rafting in Kenya. Rapids Camp remains the best place in Kenya to take photos for rafting in Kenya. ### Kayaking and Rafting Mathioya river in Kenya

Mathioya river is one of the most technical river in Kenya. It starts from Abardare forest which is one of the five most important water towers in Kenya. Unlike the Tana or Sagana as local know it, it can only be likened to Colorado in the USA. When full Mathioya produces the most technical rapids in Kenya. Only guys who have a previous knowledge in rafting or experience in other country can conquer the Mathiya river. Mathioya has two tributaries the Mathiya Gatacioma and Mathioya Ma Iyego.

We also do kayaking in this most technical river in Kenya. Our Mathioya or Sagana river rafting trips can take us to short trips to forthall HQ and Mukurwe wa Nyagathanga which the local dialect groups speak.

We can also organize a cultural exchange program for any group in Kenya or internationally.
