

Lake Naivasha Sawela Lodge is situated off the Moi South road and on the southern shores of Lake Naivasha, about 85 Kilometers from Nairobi and 13kms from Naivasha town. It is slightly over an hours drive from Nairobi the capital city.

The lodge is situated around Lake Naivasha with the natural Yellow/green acacia trees surrounding the lake side are on the shores of this fresh water lake. With the most ultra-modern facilities and unique architectural design of the lodge, the environment provides enriching relaxation with magnificent views of the volcanic Mount Longonot.

Avid travelers know a good thing when they sight one. And what **Lake Naivasha Sawela Lodge** has put up at the magnificent edges of Lake Naivasha is one good thing that is sure to blow the minds of vacationers in quest of the rarest, but un disputable, home from home destination, for which Sawela has gotten used to being lonely at the top.

Lake Naivasha Sawela Lodge is a lodge like no other. A stunning lakefront acreage enclosed by natural exquisiteness of imposing acacia trees, jungle shrub and a vibrant evening sunset. While at the lodge's entrance, one will certainly get that fulfilling promise; you are set for a vacation of a life time.

Poised in the southern shores of **Lake Naivasha, Sawela** is a glorious paradise for people out to experience the best of African Rift Valley picturesque. Overlooking a turquoise lake, **Sawela** is the ultimate place to free oneself from the routine hustles and bustles of life to the most of tranquility and splendor nature can provide.

Anyone wishing to take a trip to the core of African art, now's the time to do it. Built in stunning, modernist African inspired design, the lodge embraces an African bulls horn shape providing a sophisticated and enchanting escape that clearly showcases the truest richness of African art.

Guests will marvel at the elegance of pure African pieces of paintings that embrace the walls within the lodge. Those from beyond the country will find the canvass paintings an insight into the undistorted African way of life. The hotels ambiance is further complimented by masterfully done pieces of African handiwork using local materials such as banana fiber and strings.

Sawela, a local dialect that symbolizes the big nest built by the huge Marabou Storks birds in the enormous scattered acacia trees, is without doubt the place for nature lovers out to gasp fresh rural and mountain air just beside the unruffled breeze of the lake. Sightseers out for peaceful moment are definite to affirm silence is divine in the hushed lush carpet grass that endows the endless field. It is the perfect place to enhance the intimacy of quiet conversation and reflection that is rare in every day life.

The lodge comprises of;
