Kunste Hotel Attractions in and around Nakuru Town

Nakuru town is located 160 km North-West of Nairobi – Kenya's capital; and is the fourth largest urban centre in Kenya after Nairobi, Mombasa and Kisumu.

It is situated at an altitude of 1840m above the sea level and it is within the region of the Great Rift Valley whose formation gave rise to a unique natural structure.

Nakuru town is sandwiched between Lake Nakuru National Park to the south and the Menengai crater and its associated volcanic landscapes. Further to the North East of the town is the Bahati Escarpment forming the western fridge of the Aberdares Escarpment.

Nakuru lies between latitudes $0^{\circ} 10'$ and $0^{\circ} 20'$ and longitudes 36° and $36^{\circ} 10'$; some 1840 meters above sea level, and with a temperate climate averaging about $28^{\circ} C$.

Nakuru's Attractions

Tourism is an important economic activity in Nakuru. The town, and the region, is endowed with vast resources that make tourism a key income generating activity. Nakuru is home to many important tourist attractions:

Lake Nakuru National Park

Lake Nakuru, one of the Rift Valley soda lakes, which forms part of the Lake Nakuru National Park. The park is famous for the vast numbers of flamingoes that can be seen foraging in the shallow lake. The park also has many wild animals that can be seen during a safari.

Menengai Crater

Menengai Crater, a dormant volcano. Small fumaroles and steam vents can regularly be observed within the forested caldera from above.

The second largest surviving volcanic crater in the world, it plunges 483 meters down from the

rim and the summit is accessible by foot or vehicle 8 km from the main road to Nyahururu. The wood-covered crater ground is a nature reserve.

Rift Valley Sports Club

The Rift Valley Sports Club lies in the centre of the town. A number of sporting activities are hosted at this club and popular among them is cricket.

"The Great Rift 10-a-side"

The town hosts an annual rugby festival dubbed "The Great Rift 10-a-side" which features teams from across the East Africa region.

Hyrax Hill Prehistoric Site

Hyrax Hill Prehistoric Site, discovered by the Leakey's in 1926, is considered a major Neolithic and Iron Age site. The adjoining museum features finds from various nearby excavations.

Thomson's Falls

Other attractions around Nakuru include Thomson's Falls, a splendid waterfall in Nyahururu, Lake Baringo, a fresh-water lake at the base of the Great Rift Valley, and Lake Bogoria a saline lake also in the Rift Valley.
