

Lake Nakuru Tented Camp is a small and intimate bush camp is located within the Lake Nakuru National Park on a special site designated by the Kenya Wildlife Service for use by a genuine mobile camp having no permanent structure or use of concrete.

Lake Nakuru Tented Camp provides guests with the opportunity to stay at an eco-friendly bush camp where there is minimal impact on the environment so that when the camp is taken down, the site reverts back to nature. www.crocodileracers.com

Staying in a small safari camp offers a more authentic safari experience for visitors to the Lake Nakuru National Park as an alternative to the large mass-market tourist lodges. Lake Nakuru Tented Camp operates from December to March and from July to October.
