

Stopover Guest House, Shela Village

Stopover is one of the first places you'll notice as you arrive by boat into Shela. Situated at the water's edge, it commands stunning views accross the Lamu harbour, Manda Island, the Indian Ocean and beyond. Built in traditional white coral stone and mangrove, Stopover has 3 levels.

Its restaurant and balconies are remarkable places to lose yourself observing the daily activities that make up Shella life. Dhow Captains, fishermen and boat builders meet to catch up on local news.
