

Peponi Hotel is situated at one end of the spectacular twelve kilometre Shela Beach on the Indian Ocean. Flanked by ancient sand dunes, the beach is one of the few remaining untouched, empty stretches of coastline in Kenya. White sands, excellent swimming and an idyllic setting for a walk at dawn or sunset.

Peponi's charm lies in its magical ambiance. Every part of it, the architecture, the smiling staff, the sea breeze, the fresh food, the views and even the smells, create a spell that entrances.

Starting as the Korschens family house, over the past 30 years Peponi has grown into a 24-bedroom hotel offering attentive service, delicious meals and endless relaxation. Dinner is distinguished by a plethora of new ways of celebrating seafood with ginger, lime and garlic.
