

Malindi Breeze Point is directed to an intelligent and curious tourist that wants to live his trip as a 'discovery' of unknown lands and people. Its position, at the entry of Malindi, allows you to walk to the city centre and to visit different fruit and craft markets. You can also arrive to the small harbour where fishermen's ships dock every morning. Something very interesting is to walk through the small characteristic streets and meet the inhabitants (Africans, Arab or Indians): everyone represents ancient traditions here.

The apartment is cleaned and sterilized every morning using a special 'ozone' machine. Laundry service available for washing and ironing. On request, you may borrow kitchen equipment if you wish to cook in the apartment.

The restaurant and bar are open from morning until 11pm. Free use of gym. Free use games present in the resort: billiards, mini golf, bowling, ping pong.

For football enthusiasts, key matches will be televised on a maxi-screen in the cinema-conference room.

Suitable play area for children; specialized staff are at your disposal for babysitting or child-minding (for one or more days) on request. www.crocodileracers.com

Restaurant

Our restaurant, seating over 200 people is open from 9 a.m. until 11 p.m. Our African and International menus are available throughout the day whether it be breakfast, lunch, dinner or snacks. Music throughout the day livens up your dining experience.
