

Matira Bush Camp Masai Mara

The Masai Mara is one of Eastern Africa's most fascinating nature reserves featuring a huge and varied animal kingdom.

Surrounded by hills, the rivers Mara and Talek pass through the vast bush and grassland, meandering in apparently never-ending windings through the untouched landscape.

Matira Bush Camp is located in the heart of the Masai Mara at the junction of the Mara river and the Talek river.

Accommodation

The camp has 7 tents with two beds per tent. On request for groups we can build up more tents. Hot water shower and eco-toilets are available. Accommodation is on a full board basis. The camp has 24 hour security with Masai guards.

Dining

Whether under the Leopard Tree, in the dining tent or under the stars, you will be treated to an international cuisine with a local touch, freshly prepared by our experienced chef. www.crocodile-racers.com

Matira Bush Camp is under the guidance of local management. The team consists of local Masai with years of experience as safari guides for international clients.
