

Sala's Camp has the good fortune to be located on the convergence of 2 rivers, and in the heart of the Masai Mara. This secluded spot offers tranquility and tremendous views along the Sand River towards Tanzania and the Serengeti. From your tents you will be able to enjoy an abundance of birdlife and wildlife. The camp prides itself on its owner managed hospitality and impeccable service.

The camp is owned and managed by experienced safari professionals Mikey and Tanya Carr-Hartley. They have been operating luxury mobile safaris in East Africa for the last twelve years.

During the Great Wildebeest Migration in the months of early July to end October, Sala's Camp is ideally located since many of the animals move back and forth from the Serengeti in search of lush grasslands in the Mara. The game viewing during this time is exceptional, with dramatic river crossings and attendant predators. The camp also lies adjacent to a designated Rhino conservation area.

Accommodation

Accommodation is in 7 en-suite tents, one being a large family/honeymoon tent comprising of a double room with central sitting area. Tents are either twin or double. The spacious luxury furnished tents have en-suite bathrooms with flush toilets & safari bucket showers with plenty of hot water. Electricity is solar powered (via invertors), giving all tents plenty of light. There is a standby generator for refrigeration and to charge any equipment, cameras etc.

Dining

Camp food is cooked in the traditional appetizing safari style, using a camp fire, and assisted with a gas cooker. Home baked pastries, breads and biscuits are a speciality. Produce is all farm sourced and free from artificial pesticides. We offer a combination of international dishes and a variety of food to suit all tastes. Children's needs and special dietary requirements can easily be catered for.
