

Salas Camp straddles the sand river at the southern end of the Maasai Mara, lying within the spectacular Mara National Reserve itself being in a pristine wilderness area with prolific wildlife. The camp is situated in the centre of the wildebeest migration routes, the camp can be easily accessed by road 5 hrs drive or by light aircraft landing at Keekorok airstrip. Salas camp is located in the convergence of 2 rivers in the heart of the Maasai Mara, this secluded spot offers tranquility and tremendous views along the sand river Tanzania and the Serengeti. The guest can enjoy an abundance of birdlife and wildlife from their tents. www.crocodileracers.com
