

Plantation House and Cottage would be taken in conjunction with each other as then you would be able to share both the swimming pool and the entertainment area.

The main house or the cottage can be booked exclusively. Both units are located on the beach with a swimming pool and large entertaining area to one side. www.crocodileracers.com

Accommodation & Room Types

The House has five bedrooms; four bedrooms have double beds and one bedroom has twin beds.

The Cottage has two large double bedrooms each with air-conditioning, overhead fans, mosquito nets and lovely en-suite shower rooms. The living area is modern with a satellite TV and dining table for six people. The Cottage is cleaned daily and the staff includes a cook and a night watchman.

There is a large swimming pool with a covered bar alongside featuring several different seating areas and a squash court.

Dining & Staff

The house has direct access to the beach and is fully staffed including a very good cook.
